

Agreement for Electric Service

This Agreement, made and entered into on January 11, 2023, by and between Green Digital LLC ("Customer") and Entergy Arkansas, LLC ("EAL" or the "Company"), a corporation;

1. CHARACTERISTICS OF SERVICE

Company shall make available to Customer on or before ~April 1, 2023 at the point of delivery specified herein, electric service up to a maximum of 10000 kVA, at approximately 13,800Y/7,960 volts, 4 wire, grounded, three phase and a nominal frequency of 60 cycles per second to be supplied for the operation of Customer's Crypto hosting and mining located in Boone County at or near Harrison, Arkansas. Company will use due diligence to begin service hereunder on the date specified above, but its failure to do so shall not constitute a breach of this Agreement for Electric Service.

2. DEFINITIONS

Firm Service -	Full requirements of Customer supplied under one of Company's standard electric service schedules;
Supplemental Service -	Partial requirements of Customer supplied under one of Company's standard electric service schedules that is Supplemental to Customer requirements served by Customer owned generating equipment;
Contract Power -	The highest kW demand established in the twelve months ending with the current month pursuant to the Minimum provision of the rate schedule under which Firm or Supplemental Service is supplied, referred to as contract, or ratcheted power or demand;
Standby Service -	Composed of Reserved Service, Maintenance Service, Backup Service and Non-Reserved Service, restricted to a total number of kW that shall not exceed the nameplate rating of the Customer's generating equipment which may be operated in parallel with the Company's system;
Reserved Service -	Electric energy and capacity the Company stands ready to supply during a scheduled or unscheduled outage of the Customer's on-site generation equipment;
Non-Reserved Service -	Electric energy and capacity the Company may supply during a scheduled outage of the Customer's on-site generation equipment during the service months of October through May when Customer has requested this service no less than twenty (20) days in advance.
Maintenance Service -	Electric energy and capacity supplied by the Company during a scheduled outage of the Customer's generating equipment when Company has been given no less than seven (7) days advance notice of such requested Maintenance period;
